

How to Map a Filing System Shared Drive on Windows 10

1. Right click the Windows Icon on the bottom left and select **File Explorer**

2. Right click **This Computer** and select **Map Network drive...**

3. Under Folder type in [\\ads.mcmaster.ca\departments](https://ads.mcmaster.ca/departments)
4. Check **Off Reconnect at logon**
5. Click **Finish**
6. You are now mapped to your Shared File System Drive
